Nature of Complaint:

Members of the Arizona Corporation Commission:

It does not take a "Magnificent Grasp of the Obvious" noting that constantly tinkering and adjusting water rates in the name of "fairness" violates the very essence of the term.

Anthem residents should pay for only what they use; residents of Surprise and other interests should do the same. The real focus of the Corporation Commission should be on the rates charged by the Arizona American Water Company in the first place, which are excessive.

There is far too much "gizmosity" and folderol in over-engineering what should be a simple and straightforward rationale:

One should pay for what one uses or derives benefit -- no more.

Thank you.

Nature of Complaint:

Dear Commissioners,

Provided below are reasons why the Arizona Corporation Commission (ACC) should immediately approve deconsolidation of the Anthem/Aqua Fria Wastewater District:

- (1) The ACC never formally and specifically approved "consolidation" of the two wastewater districts.
- (2) It was a back door "consolidation" resulting from approval of the expansion of several Certificates of Convenience and Necessity (CC&N's). Anthem residents never had an opportunity to comment or object to the approval of those CC&N's or the resulting "consolidation."
- (3) There is no physical connection between the two districts and none was ever planned, so there is no opportunity for the sharing of resources.
- (4) Anthem residents have been paying for the wastewater services provided to customers who do not reside in Anthem.
- (5) I am not aware that the ACC has ever approved the "consolidation" of any other water and/or wastewater districts either specifically or indirectly through the back door approach of approving expansion of CC&N's.

It is only fair and just for the ACC to approve immediate deconsolidation of the Anthem/Aqua Fria Wastewater District.

Sincerely,

Lynn Vick
Anthem, AZ 85086
